

# New Hope Baptist Church

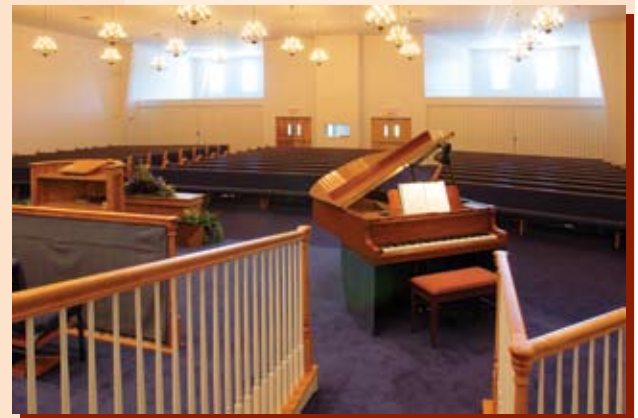

**STRUCTURES**

*Building with integrity*

## **Project Description:**

This project required a master plan for growing congregation that anticipated continued growth. The budget was very tight, but we were able to provide a large sanctuary with a 2 story educational / fellowship wing by value engineering the structure.

“The degree of one’s emotion varies inversely with one’s knowledge of the facts --the less you know the hotter you get.” - Bertrand Russell

**Location:** Botetourt, VA

**Size:** 18,500 SQFT
