FOR IMMEDIATE RELEASE:

## **JOSEPH COLOSI AND ROBERT LEONARD ACHIEVE “GREEN PROFESSIONAL” CERTIFICATION**

Structures Design/Build LLC is pleased to announce that Joseph Colosi and Robert Leonard have attained the designation of “Green Professional” by the National Association of Homebuilders.

The Certified Green Professional designation is awarded after 24 hours of intense course work and examination with required continuing education credits. The program and course of study was just introduced in February by the NAHB and Colosi and Leonard are among the first to become accredited. The purpose of the course is to educate those in the construction industry on green building techniques, products and applications.

“I feel better prepared to provide clients with more detailed information about how the alternative of green building technology can play into the planning and the construction of their home” states Leonard. “I also was impressed that many of the techniques illustrated in the course were already in practice as a standard here at Structures.”

Joseph Colosi architectural intern for Structures Design/Build is a 14-year veteran of the construction industry. He has BS degree in Architectural Engineering from Bluefield State College and will receive his Master’s Degree in Architecture from Virginia Tech University this summer.

Robert Leonard is a project manager for Structures Design/Build and has been in construction for the past 27 years. He is a class A contractor in the state of Virginia and holds numerous industry accreditations and certifications.

Since being formed in 1999 by Steven Strauss and Adam Cohen, Structures Design / Build LLC has been the premier Design/Build company in Southwest and Central Virginia. Structures Design/Build integrates the skills of architects and builders to deliver quality, creative and efficient construction solutions. Their track record of delivering their projects on time and on budget is unrivaled and has earned them the respect and confidence of business leaders and homeowners throughout Virginia.
